EXAMINER'S AMENDMENT

1. An examiner's amendment to the record appears below. Should the changes and/or additions be unacceptable to applicant, an amendment may be filed as provided by 37 CFR 1.312. To ensure consideration of such an amendment, it MUST be submitted no later than the payment of the issue fee.

The application has been amended as follows:

Claim 24, line 1, change "1" to -21--.

REMARKS: The claim dependency of claim 24 has been changed to depend on independent claim 21, instead of depending on claim 1. Claim 24 recites the limitation that "said light guide is a planar light guide", which would not be compatible with the limitation of claim 1 which recites that "said light guide is a light fiber". Furthermore, former claim 4, similar to claim 24, has been cancelled, since applicant has appeared to recognize that these limitations are incompatible. It appears that claim dependency between claims 1 and 24 was an inadvertent error, that which has been corrected by the amendment above.
